For Office use only:

MNA Cattle Affidavit

Producers **MUST** sign and complete in full the appropriate segment of this affidavit. The signed original should be provided to a MNA Representative and a copy kept for the producers' records.

The cattle represented in this document uphold all of Meyer Natural Angus Standards specifically:

- 50% Red Angus and/or Black Angus Genetics. No Brahman or dairy influence. No cloned or progeny of cloned animals. No bulls or stags.
- Raised using humane animal handling practices and subject to an evaluation in accordance to HFAC Guidelines (www.certifiedhumane.com).
- Have received MNA approved probiotic during the finishing phase.
- Never been administered any growth implants or synthetic hormones.
- Never received ionophores or antibiotics in any form.
- Never been fed any animal byproducts.
- Born and Raised in the USA and are less than 30 months of age at time of slaughter.
- All management records are kept for a minimum of 3 years and made accessible to MNA upon request.
